

Postdoctoral or Technical Position Opening

We have an immediate opening for someone skilled in tissue culture, Western blot, ELISA techniques, flow cytometry, or any combination of most of these techniques. Could be at the MS or postdoctoral level. Temporary appointments of as little as 6 months considered, but longer term is preferred.

Please email resume to Professor Kevin Burgess, Department of Chemistry TAMU, burgess@tamu.edu, and cc Andrea Scott on ascott@chem.tamu.edu.
